MUSICPOLE™

*Revolutionizing the way music is played.*

# The MUSICPOLE™

PO Box 1424 – Chico, CA 95927

The MUSICPOLE™ MIDI controller is an amazing, brand new way for you to play music. Even if you've never played a musical instrument before, or are an experienced music veteran, the MUSICPOLE™'s unique design makes it easy for you to start jamming immediately.

## **Why should you play the MUSICPOLE™?**

- **SIMPLE TO LEARN** – Thanks to the MUSICPOLE™'s ingenious pentatonic arrangement of its keys, improvising solos is effortless.
- **STAND OUT FROM THE CROWD** – The MUSICPOLE™'s innovative and colorful design, ensures you'll be noticed at your next gig.
- **TRANSPOSING KEYS IS A SNAP** – You learned a song in the key of C, and your guitarist can only play it in E? No problem, simply turn the pole to the proper key and play the song just like you learned it.
- **COMPACT SIZE** – Convenient size makes the MUSICPOLE™ a great addition to your MIDI rig at any gig.
- **COMFORTABLE TO PLAY** – Playing the MUSICPOLE™ is easy on your fingers. It won't make your fingers hurt or tire quickly like on most stringed instruments.
- **EASY TO TEACH** – Based on the Circle of Fifths, the MUSICPOLE™ is a resourceful tool when educating kids or adults about music theory.
- **VERSATILE** – Works great jamming with friends, soloing at the local coffeehouse, backing a band or shredding in the studio. Simply plug into a MIDI sound module and your ready to play anytime, anywhere, with anyone.
